

# **Anglers Fly Distance**

## **Model TF 10810**

Several designs have been developed in the past ten years, increasing in stiffness over time. The current model is very fast and powerful providing very high line speed and distance potential. This blank can also be made into an ICF Event #1 Skish Fly Accuracy rod by using the TF 1089 configuration for bass bug accuracy.

### **GUIDE PLACEMENT FROM TIP:**

Tip, 6 1/4, 12 3/4, 21, 30 3/4, 40 3/4, 51 3/4, 63 1/4, 74 1/2
